

## **HOME TEACHERS**

**P4327**

Tutoring of homebound or hospitalized students will be by certified teachers recommended by the building Principal or the Assistant Superintendent for Instruction and will be paid at an hourly rate established by the Board of Education.

## **HOME TEACHING**

Upon the request by a medical doctor, the Board of Education will furnish when possible, a teacher for home instruction for a period not to exceed one hour per day at the elementary level and two hours a day at the secondary level, five days per week during the regular school year, to students confined at home, in a hospital or other health care facility.
