

## **INSTRUCTIONAL MEDIA SELECTION AND ADOPTION**

**P4512**

The Board of Education will approve full length films to be used for instruction in District classrooms. The specific films to be used shall be determined upon the recommendation of the Superintendent of Schools following a review by teachers and administrators. Film reviews will include representation from teachers within the subject area, the District Department Head, building principals, and the Assistant Superintendent for Instruction or a designee.

The films that the Board of Education will consider for adoption are defined as any full length film which a pupil is required to view in a particular class or program.

The Assistant Superintendent for Instruction will be responsible for the implementation of this policy and will maintain an up to date list of films approved for use in District classrooms.
