

## **STUDENT SUPPORT SERVICES**

**P5000**

The Board of Education will provide, as its resources permit, the following services:

### Health

School buildings will be provided with registered nurses who, under the instructions of the school physician, will provide such health services as are required by Education Law and the Commissioner's Regulations.

### Guidance

Guidance service by qualified guidance counselors will be provided at the Middle School and Senior High School level.

### Psychological

The school district will provide the services of certified school psychologists for the evaluation of students recommended for such services.

### Speech

The school district will provide for speech training and therapy by qualified speech teachers on an individual or small group basis.

### Academic Intervention

The school district will provide the services of qualified staff to assist students with reading, math, and other learning difficulties as required by the Commissioner's Regulations to meet State and District Standards.

### OT/PT

The school district will provide for occupational therapy/physical therapy by licensed occupational/physical therapists for students recommended for such services by their IEP.

Revised May 2012

Renumbered from P6450 – September 2015
