

ENROLLMENT PROJECTIONS

P7120

The Superintendent of Schools is responsible for evaluating district population and housing trends and making enrollment projections for the District. Enrollment projections will be prepared on a five-year basis and will be reviewed and brought up to date annually.

The projections may take into consideration:

1. data from various sources (e.g responses from facebook/website posts, packet requests, preschool questionnaire);
2. school registration figures;
3. proposed or forthcoming changes in community planning and zoning; and
4. current and planned community land development and housing projects.

Whenever construction of new school facilities or the closing of any school buildings is being contemplated, the Board of Education may authorize outside studies made of population trends and school enrollment.
