

TRAFFIC ON SCHOOL PROPERTY

P8240

The Board of Education will establish traffic regulations necessary to maintain the safety of students, school district personnel, and visitors who may use school district properties. Traffic regulations will be established on the basis of the authority given to the Board of Education by Section 1670 of the New York State Vehicle and Traffic Law. Traffic regulations will apply at all times to all school properties and will include evening and weekend school functions. The regulations apply to all students, employees, and visitors to any of the Burnt Hills-Ballston Lake Central School properties.
