BOARD POLICY
STUDENT ACTIVITIES

P5200

The Board of Education recognizes the educational values inherent in student participation in the extracurricular life of the school and in community and civic organizations. Students should be encouraged to participate in these activities where such participation is in accordance with the philosophy and the goals of the district and its standards of conduct.

Social events for students carried on by school organizations may occur when they do not detract from or interfere with the primary objectives of the school system.

The Board has established the following criteria, which all student activity programs must meet:

1. student activities must be in balance with other activities in the schools; and
2. student activities must be managed in a professional manner.

The following guidelines will govern the student activities programs:

1. Student activities are those school activities that are voluntarily engaged in by students, have the approval of the school administration and do not carry credit toward promotion or graduation;
2. All clubs affiliated with the school must be approved by the building principal. The building principal will be responsible for establishing the procedures necessary for a club to be formed and the by-laws by which the club operates.
3. The building principal will be responsible for all activities in the building with the exception of athletic, music or art activities. The building principal and the District Director of Athletics will be jointly responsible for all athletic activities in the building. The building principal and the District Department Head of Fine Arts will be jointly responsible for all music and art activities in the building. Rules for the conduct of activities should be established and enforced. Where unusual or potentially controversial activities are proposed, the Superintendent of Schools should approve the establishment of such activity.
4. Activities must be open to all students, regardless of race, religion, sex, national origin, disabling condition or other human differences;
5. Activities must not place undue burdens upon students, teachers, or schools;
6. Activities should be held after classes are dismissed, or at an appropriate time during class time.

BOARD POLICY

MANAGEMENT OF STUDENT ACTIVITY FUNDS P5230

In those organizational activities of the students where funds are required to meet the purposes of the organization, the funds will be administered by the students with the approval of the assigned faculty advisor and the building principal.

Funds will be maintained, accounted for and audited separately for each organization and under the conditions of the Regulations of the Commissioner of Education.

Any Extra-Class Activity Fund for an organization which has ceased to exist will be deemed to be inoperative and any remaining balance in such account will be transferred to the general student government or student council account within the Extra Class Activity Fund at the school where the account originated.

Interest earnings from temporary surplus balances of the Extra-Class Activity Fund will be credited to the respective general student government or council account in proportion to the amount of such funds on deposit from each school at the time of investment.

Reviewed 1975-76 Reviewed August 1993
Renumbered from P5330 and Reviewed May 2000
Revised August 2004 Reviewed January 2011

Explanation of the Extra Classroom Activity Fund

- The extra classroom activity club should provide learning experiences in the business procedures needed to safeguard the collection, deposit, and disbursement of money along with the filing of sales tax revenues.
- The Regulations of the Commissioner of Education were formulated not only to safeguard the funds of the organization but also to provide schools with the opportunity to teach pupils good business procedures through participation in handling such funds and operating a successful business. For many students, this may be the only business training they will receive in school.
- Extra classroom activity funds are derived from a number of sources such as admissions, membership dues, sales and donations. A determination should be made as to whether the activity will be subject to NYS sales tax and an estimate should be obtained as to the amount of money collected to make the activity profitable.
- A school district is not exempt from the provisions of the Sales Tax Law whenever it becomes the vendor of services or property ordinarily sold by private persons. Each faculty advisor should know which of the activities an organization undertakes are subject to sales tax and take steps to see that all sales tax information is accurately recorded and sent to the central treasurer. When student organizations purchase merchandise for resale, vendors selling the resale merchandise are required to collect sales tax from the buyer of the merchandise unless they receive a resale certificate from the buyer. A resale certificate is enclosed in this packet and a supply will also be maintained by the central treasurer in your building. A list of frequently used activities is attached (exhibit A) which will be a useful tool for deciding whether an activity is tax exempt or not.
- An extra-class club should have the following members:
 - An advisor
 - A Treasurer
 - A President and/or vice president
 - A Secretary
 - An SGO Representative (not mandatory)

You should give the names of these individuals to the main office secretary (Laura Weaver in the High School; Judy Doepel in the Middle School) after elections have taken place and prior to leaving for summer. This will allow the main office secretary to update her records over the summer in preparation for the new school year. *The High School has a Google Document that can be updated with this information-contact Laura Weaver for information.

EXTRA CLASS STEP BY STEP PROCEDURE

1. **Decide on the fundraiser**
2. **Begin the Budget/Profit & Loss Statement**
3. **Is it taxable**
4. **Order the goods/services (Purchasing)**
5. **Pay for the goods and services (Payments)**
6. **Have the sale or event**
7. **Make the deposits (Deposit of Money)**
8. **Complete the Budget/Profit and Loss Statement and turn into main office secretary (Laura Weaver-HS; Judy Doepel-MS)**

Purchasing

Money may be spent by student organizations in any reasonable manner they see fit. It is recommended that a purchase order be issued for all purchases. When purchasing an item you should follow the following steps:

1. First contact the company to get a quote for the product you are looking to purchase. Ask the company if they accept purchase orders. We encourage you to use companies that accept purchase orders. Obtain the companies name and address where they would want payment made. Ask them if they prefer the purchase order be mailed or faxed. Fill out a purchase order form and give to main office secretary with a copy of the quote attached. Keep a copy for your club records. (see exhibit B)
2. The main office secretary will send to the business office for processing. When it is approved a copy of the purchase order will be returned to the building secretary.

Payments

When bills are to be paid, the student activity treasurer should take the following steps:

Payments for items purchased directly:

Fill out an Extra Class check request (see exhibit C) form obtaining all the required signatures and payment information.

Attached to the check request should be an itemized receipt for any items purchased including any taxes paid. Taxes are reimbursable from Extra Class.

When paying an individual rather than a business for a service you will need to ask the individual to sign a PO/Vendor draft and indicate their Social Security Number on the form. An example might be you hire a DJ who operates as an individual not as a business. We need to have the Social Security number for tax purposes. This would be attached to the check request form with an invoice from the individual.

Payments for goods ordered and received:

When you receive the items and are sure you have everything you ordered, you should send the packing slip and invoice along with an Extra Class check request (see exhibit C) form to your main office secretary so the company can be paid.

Note: Checks are usually received at the building on Fridays that are not paydays. Clubs should plan on a two week turn around to receive checks from the district office. If a check is needed for a deadline, please plan ahead.

Deposit of Money

After the money has been turned in to the student activity treasurer and properly checked by him/her and the faculty advisor do the following:

1. Complete deposit slip in duplicate (see exhibit D).
2. Both slips should be turned in to main office secretary.
3. Be sure you have indicated a TOTAL of the deposit.
4. Be sure you have indicated whether the deposit was for a taxable sale by circling Y or N.
5. If you need coin or bill wrappers, you can obtain at the main office.
6. Deposits slips will be verified by the main office secretary and a signed copy will be given to the class advisor for placement in the club accounting book.

ACCOUNTING

1. Account books are stored in the Main Office.
2. Entries should be made to the preprinted ledger by the club treasurer.
3. Advisors should check periodically to be sure that account entries are up to date.
4. Accounts are checked and interest is posted at least once a year. You will need to verify accounts and balance with the main office secretary prior to leaving for the summer!

CHECKS

1. When accepting checks for fund raisers, etc..., they should be made payable to BH-BL CSD. Please be sure that checks are dated correctly and that "payable to" and amounts are filled in properly.
2. Any check returned by the bank due to insufficient funds will be subtracted from the Extra Class account until a replacement payment is received. The advisor may be asked to make a phone call, and the Main Office will send a letter in an attempt to collect.

BUDGET/PROFIT & LOSS REPORT

At the conclusion of the sale/fund-raiser the budget/profit and loss report (see exhibit E) should be completed and turned in to the main office secretary. This should be done in a timely manner.

INACTIVE ACCOUNTS

Accounts sometimes become inactive due to lack of student interest or because a graduating class leaves an unused balance. In the case of a graduating class, the class should meet prior to the end of the school year and complete an Extra Class year End dissolution of Exiting Class Account Form (see exhibit F).

Extraclassroom activity funds are derived from a number of sources such as admissions, membership dues, sales and campaigns, and donations.

Donations

Any gifts or donations should be recorded in the meeting minutes of the club and a receipt should be issued and given to the donor. A copy of this receipt should accompany the deposit.

Membership Dues

The pre-audit of membership dues should be relatively easy if plans are carefully worked out in advance. Provide pre-numbered receipts or membership cards as proof of paid memberships.

Admissions

Various methods may be employed to insure accurate pre-audit of admissions. Usually pre-numbered tickets should be used so that the auditor may, by reference to the beginning and ending numbers, determine the amount, which should be collected.

Inventory Control

Items on-hand and held for resale or return should be adequately safeguarded against loss, theft or damage by securing them in an appropriate location with limited access.

SALES TAX

EXHIBIT A

Tax Law §1115 (a) (1) generally provides an exemption for the sales and purchases of food, food products, beverages sold for human consumption. However, the exemption does not apply to candy or sodas and soft and fruit drinks, which contain less than 70% natural fruit juice.

Tax Law §1105 (a) provides that sales tax is imposed on the sale of tangible personal property. When a student organization purchases merchandise for resale, vendors are required to collect the sales tax unless they receive a Resale Certificate (NYS Sales Tax Form ST-120) from the buyer. Publication 718-C states that clothing sold humans for less than \$110 per item is exempt from NYS tax.

Jewelry ***Taxable***

Pre-Package Popcorn, potato chips, pretzels ***Non-Table***

Instructions

Form ST-120, *Resale Certificate*, is a sales tax exemption certificate.

This certificate is only for use by a purchaser who:

- A** – is registered as a New York State sales tax vendor and has a valid *Certificate of Authority* issued by the Tax Department and is making purchases of tangible personal property (other than motor fuel or diesel motor fuel) or services that will be resold or transferred to the purchaser's customers, or
- B** – is not required to be registered with the New York State Tax Department;
 - is registered with another state, the District of Columbia, a province of Canada, or other country, or is located in a state, province, or country which does not require sellers to register for sales tax or VAT purposes; and
 - is purchasing items for resale that will be either:
 - 1) delivered by the seller to the purchaser's customer or to an unaffiliated fulfillment service provider located in New York State, or
 - 2) delivered to the purchaser in New York State, but resold from a business located outside the state.

Note: For purposes of 1) above, delivery by the seller includes delivery in the seller's own vehicle or by common carrier, regardless of who arranges for the transportation.

Non-New York State purchasers: registration requirements

If, among other things, a purchaser has any place of business or salespeople in New York State, or owns or leases tangible personal property in the State, the purchaser is required to be registered for New York State sales tax.

A business must register (unless the business can rebut the statutory presumption as described in TSB-M-08(3.1)S, *Additional Information on How Sellers May Rebut the New Presumption Applicable to the Definition of Sales Tax Vendor as Described in TSB-M-08(3)S*) for New York State sales tax if the business enters into agreements with residents of New York State under which the residents receive consideration for referring potential customers to the business by links on a Web site or otherwise, and the value of the sales in New York State made by the business through those agreements totals more than \$10,000 in the preceding four sales tax quarters. See TSB-M-08(3)S, *New Presumption Applicable to Definition of Sales Tax Vendor*, and TSB-M-08(3.1)S.

Also see TSB-M-09(3)S, *Definition of a Sales Tax Vendor is Expanded to Include Out-of-State Sellers with Related Businesses in New York State*, for information on sales tax registration requirements for out-of-state businesses with New York affiliates.

A purchaser who is not otherwise required to be registered for New York State sales tax may purchase fulfillment services from an **unaffiliated** New York fulfillment service provider and have its tangible personal property located on the premises of the provider without being required to be registered for sales tax in New York State.

If you need help determining if you are required to register because you engage in activity in New York State, contact the department (see *Need help?*).

If you meet the registration requirements and engage in business activities in New York State without possessing a valid *Certificate of Authority*, you will be subject to penalty of up to \$500 for the first day on which you make a sale or purchase, and up to \$200 for each additional day, up to a maximum of \$10,000.

Limitations on use

Contractors cannot use this certificate. They must either:

- issue Form ST-120.1, *Contractor Exempt Purchase Certificate*, if the tangible personal property being purchased qualifies for exemption as specified by the certificate, or
- issue Form AU-297, *Direct Payment Permit*, or
- pay sales tax at the time of purchase.

Contractors are entitled to a refund or credit of sales tax paid on materials used in repairing, servicing or maintaining real property, if the materials are transferred to the purchaser of the taxable service in conjunction with the performance of the service. For additional information, see Publication 862, *Sales and Use Tax Classifications of Capital Improvements and Repairs to Real Property*.

To the Purchaser

Enter all the information requested on the front of this form.

You may mark an **X** in the *Blanket certificate* box to cover all purchases of the same general type of property or service purchased for resale. If you do not mark an **X** in the *Blanket certificate* box, the certificate will be deemed a *Single-use certificate*. Temporary vendors may not issue a blanket certificate. A *temporary vendor* is a vendor (other than a show or entertainment vendor), who, in no more than two consecutive quarters in any 12-month period, makes sales of tangible personal property or services that are subject to tax.

This certificate does not exempt prepaid sales tax on cigarettes. This certificate may not be used to purchase motor fuel or diesel motor fuel.

Misuse of this certificate

Misuse of this exemption certificate may subject you to serious civil and criminal sanctions in addition to the payment of any tax and interest due. These include:

- A penalty equal to 100% of the tax due;
- A \$50 penalty for each fraudulent exemption certificate issued;
- Criminal felony prosecution, punishable by a substantial fine and a possible jail sentence; and
- Revocation of your *Certificate of Authority*, if you are required to be registered as a vendor. See TSB-M-09(17)S, *Amendments that Encourage Compliance with the Tax Law and Enhance the Tax Department's Enforcement Ability*, for more information.

To the Seller

If you are a New York State registered vendor and accept an exemption document, you will be protected from liability for the tax, if the certificate is valid.

The certificate will be considered valid if it was:

- accepted in good faith;
- in the vendor's possession within 90 days of the transaction; and
- properly completed (all required entries were made).

A certificate is accepted in good faith when a seller has no knowledge that the exemption certificate is false or is fraudulently given, and reasonable ordinary due care is exercised in the acceptance of the certificate.

You must get a properly completed exemption certificate from your customer no later than 90 days after the delivery of the property or the performance of the service. When you receive a certificate after the 90 days, both you and the purchaser are subject to the burden of proving that the sale was exempt, and additional documentation may be required. An exemption certificate received on time that is not properly completed will be considered satisfactory if the deficiency is corrected within a reasonable period. You must also maintain a method of associating an invoice (or other source document) for an exempt sale made to a customer with the exemption certificate you have on file from that customer.

Invalid exemption certificates – Sales transactions which are not supported by valid exemption certificates are deemed to be taxable retail sales. The burden of proof that the tax was not required to be collected is upon the seller.

Retention of exemption certificates - You must keep this certificate for at least three years after the due date of the return to which it relates, or the date the return was filed, if later.
