

Do you *know* what to look for if you suspect your teen of using drugs or alcohol?

You aren't alone. Many parents don't.

BH-BL Parent University and the Saratoga County Prevention Council have teamed up to bring you the “Right Under Your Nose” presentation.

Wednesday, March 21 at 7 p.m. in the O'Rourke Middle School cafeteria.

You'll learn about teen trends and today's drug use culture and have the opportunity to walk through a mock teen bedroom display to see what you actually need to look for.

Please note: This presentation is for parents/adults only.
