

The Board of Education will assist and cooperate with governmental agencies and schools within the framework of the Educational and Civil Laws.

1. Police Department:

A building principal or designee may not allow a pupil to be questioned by a police officer other than our School Resource Office (SRO) unless the principal is present. The principal should ensure that the pupil's legal rights are protected. The building principal shall notify the parent/guardian prior to questioning by police.

2. Fire Department:

The Building & Grounds Supervisor will be present at all fire department inspections and take the necessary action to see that all infractions of the fire laws are corrected.

The building principal must see that all fire exits are in usable condition.

The teachers or staff member with current responsibility for the pupils will be responsible for the safe exit of their pupils from the school building in accordance with the prescribed plan.

The building principal will see that lanes for fire apparatus are kept open at all times when school is in session.

3. Health Department:

Where drinking water tests are necessary, it will be the responsibility of the Building & Grounds Supervisor to see that these are taken.

In cases where the health of a pupil is being endangered by neglect, it will be the responsibility of the building principal to see that the proper officials are notified.

4. Welfare Department:

Where the welfare of a child is in danger, all professional staff are mandated reporters.

5. State Government:

All requests for services from governmental agencies of the state should be arranged for through the office of the Superintendent of Schools.

Requests for information or other requests from state government agencies should be channeled through the office of the Superintendent of Schools.

6. Federal Government:

The Superintendent of Schools will designate when necessary an individual or individuals who will be responsible for the organization and implementation of federally sponsored programs.

All programs requiring expenditure of district funds must be approved by the Superintendent of Schools and the Board of Education.

The Business Office will be responsible for the accounting of all federal funds.
