

## **BUILDINGS AND GROUNDS INSPECTIONS**

**P8220**

The Supervisor of Buildings and Grounds will accompany all state inspectors under the State Occupational Safety and Health Act, fire and structural inspectors under the Education Law, asbestos inspectors under federal Asbestos Hazard Emergency Response Act (AHERA) legislation, and any other similar inspection requirement. The Supervisor of Buildings and Grounds will report on the results of these inspections to the Assistant Superintendent for Support Services, who in turn will report inspection findings and necessary corrective actions arising from the inspections to the Superintendent of Schools and the Board of Education. Non-compliance items cited by building inspectors will be given immediate attention and brought into compliance as soon as possible.
