

SUPPORT STAFF OVERTIME PAY

P9510.2

Support staff overtime pay will be based on an hourly rate multiplied by 1 1/2.

Overtime will be paid on time worked beyond 40 hours in one week (Monday through Sunday) as required by the Fair Labor Standards Act. Positions such as substitute calling or census enumeration that are contracted at a total dollar amount for the job without regard to hours, will not qualify for overtime payment. The overtime rate used for persons working in several classifications will be the rate for the position whose hours resulted in time worked beyond 40 hours.

District-wide support staff supervisors will not be paid overtime unless the Board of Education authorizes extra pay for special circumstances upon the recommendation of the Superintendent of Schools.

Renumbered from P4340 – June 2015
